

Medicine and Scientific Research Student

## Curriculum vitae

Mr. OTMANI Amin Born 14th December 1986, Chateaufrenard, France  
French nationality

Current address: N°365, Route de Cabannes 13670 Saint Andiol, France

Contact: Mobile : +33 6 07 13 26 65  
Mail : otmani.amin14@gmail.com

Current position: Medicine Resident in Psychiatry, France

### EDUCATION

2018-19 Seminars: pharmacology, semiology, bibliography. Medicine philosophy.  
2015-18 Medicine graduation, Aix-Marseille University (AMU)  
2013-15 Bachelor of Medicine (option Master Neurosciences), AMU  
2010-12 Master of Scientific Research, Immunology & Development, AMU  
2009-10 Bachelor of Biology Science, option Immunology, AMU  
2007-09 General Biology studies ( year 1 & 2 ), University of Avignon

### PROFESSIONAL EXPERIENCE

2016 & 18 Nursing at Psychiatric clinic  
2014-15 Caregiver  
2008-10 Private teacher of Sciences (chemistry, mathematics and physics)

### RESEARCH & LABORATORY / HOSPITAL EXPERIENCE (not exhaustive)

Hospital rotation ( Marseille different establishments )

2018-19 Medicine Resident semester in Psychiatry  
2017-18 Hand surgery; Cardiology  
2016-17 Paedo-oncology; Urology; Nephrology. Visiting Sontaj Ophthalmology clinic Iceland  
2015-16 Neurosurgery; Vascular surgery, Paediatrics emergencies, Adults Emergencies  
2014-15 Neuropsychology, medical biology, radiology  
2013-14 Psychiatry, Public Health Medicine / Epidemiology, Ear-Nose-Throat

Laboratory rotation

2017 Visiting and organising Translational research: Biology-Mathematic-Oncology  
2013 Karolinska Institut, Stockholm, Sweden  
2012 Harvard Medical School, Boston, USA  
2012 Institut of Developmental Biology, Marseille, France  
2011-12 Immunology Center, Marseille, France

## PRESENTATION

- 2014 Poster: Master neuroscience seminar, Medicine University, Marseille, France
- 2012 Poster: Scientific retreat of the Program of Cellular and Molecular Medicine, Cap Cod, USA
- 2011 Poster: Master Immunology, Examination and public présentation, Marseille, France

## DISTINCTION

- 2012 Selected for the Immunology exchange program with Harvard Medical School with grant ( equivalent 7300€).

## PERSONAL COMPETENCIES / INTEREST

- Transdisciplinary research project developement: Pancreatic cancer therapy, in collaboration with:
  - Surgeon oncologist - Mathematic modelling engineering - Researcher in biology.
- Ethic and philosophy of medicine, seminary of Pr. Pierre Le Coz.
- Visiting laboratory: (murine model microsurgery) at the CIML (<http://www.ciml.univ-mrs.fr/fr>) and Freiburg in Brisgau (Neurozentrum) with the Dr Geirsdottir Laufey.
- Empathy / excellent relationship with patients, team worker, curious of new technics.
  
- Artificial intelligence and it's growing place in medical field.
  - Language: French native speaker, English fluent, Spanish basics reading/understanding
  - Photography - architecture - cooking
